

AVEO Announces Pricing of \$44.6 Million Public Offering of Common Stock

June 17, 2020

BOSTON--(BUSINESS WIRE)--Jun. 16, 2020-- AVEO Oncology (Nasdaq: AVEO) today announced that it has priced its previously announced underwritten public offering of 8,500,000 shares of its common stock at a price to the public of \$5.25 per share. The gross proceeds to AVEO from the offering are expected to be approximately \$44.6 million before deducting underwriting discounts and commissions and offering expenses. All of the shares in the offering are being sold by AVEO. AVEO has also granted the underwriters a 30-day option to purchase up to an additional 1,275,000 shares of common stock on the same terms and conditions. Closing of the offering is expected to occur on or about June 19, 2020, subject to satisfaction of customary closing conditions.

The net proceeds of the offering are expected to be used for working capital and general corporate purposes, including funding commercialization activities relating to tivozanib.

SVB Leerink and Stifel are acting as joint bookrunning managers for the offering. Baird and H.C. Wainwright & Co. are acting as co-lead managers for the offering.

The shares are being offered by AVEO pursuant to a shelf registration statement on Form S-3 that was filed with the Securities and Exchange Commission ("SEC") on November 30, 2017 and declared effective by the SEC on December 15, 2017. A preliminary prospectus supplement relating to, and describing the terms of, the offering has been filed with the SEC and is available on the SEC's website at www.sec.gov.

Copies of the final prospectus supplement and the accompanying prospectus relating to this offering, when available, can be obtained from SVB Leerink LLC, Attention: Syndicate Department, One Federal Street, 37th Floor, Boston, MA 02110, by telephone at (800) 808-7525, ext. 6218 or by email at syndicate@svbleerink.com; or Stifel, Nicolaus & Company, Incorporated, Attention: Syndicate, One Montgomery Street, Suite 3700, San Francisco, CA 94104, by telephone at (415) 364-2720 or by email at syndprospectus@stifel.com.

About AVEO Pharmaceuticals, Inc.

AVEO is developing an oncology pipeline designed to provide a better life for patients with cancer. AVEO's strategy is to focus its resources toward development and commercialization of its product candidates in North America, while leveraging partnerships to support development and commercialization in other geographies. AVEO's lead candidate, tivozanib (FOTIVDA®) is approved in the European Union, the United Kingdom, Norway, New Zealand and Iceland for the treatment of adult patients with advanced renal cell carcinoma. AVEO is working to develop and commercialize tivozanib in North America as a treatment for renal cell carcinoma and hepatocellular carcinoma. Ficlatazumab (anti-HGF mAb) is in a randomized Phase 2 confirmatory clinical trial in head and neck cancer and has previously reported promising early clinical data in head and neck cancer, acute myeloid leukemia and pancreatic cancer. AVEO's earlier-stage pipeline includes several monoclonal antibodies in oncology development, including AV-203 (anti-ErbB3 mAb), AV-380 (anti-GDF15 mAb) and AV-353 (anti-Notch 3 mAb).
